

## **Child Exploitation Policy**

Bramfield House School and the NFA Group are committed to ensuring children and young people are safe.

Bramfield House School and the NFA Group recognise the growing risk in relation to the exploitation of vulnerable young people, particularly those who are looked after or have emotional and/or mental health difficulties. For this reason, Bramfield House School and the NFA Group have high expectations in relation to the safeguarding of young people in our care, and the prevention of exploitation. This policy should be read in conjunction with Bramfield House School and the NFA Group's Safeguarding and Child Protection Policy.

### **1. What is Child Sexual Exploitation?**

- 1.1** "Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact: it can also occur through the use of technology. It requires knowledge, skills, professional curiosity and an assessment which analyses the risk factors and personal circumstances of individual children to ensure that the signs and symptoms are interpreted correctly and appropriate support is given." (DfE 2017)
- 1.2** **Child sexual exploitation is not a choice. It is a form of abuse.** It is important to remember that even when a relationship appears consensual, it may be an exploitative relationship. There can be an interchangeable status between victim and perpetrator. Young people can be both victim and perpetrator. Males and females can be both victims and perpetrators.
- 1.3** It can be both penetrative and non-penetrative. It can take place in person or via technology. Child sexual exploitation involves perpetrators grooming children and young people and then forcing, enticing, threatening, and/or being violent towards them.
- 1.4** It is child sexual exploitation when the young person receives or thinks that they will receive something that they want or need in exchange for the sexual activity. This can take the form of gifts, drugs, alcohol, or if young people perceive that they are getting love, affection, protection or protecting their families/friends, increased status within their peer group or community. Young people are still victims even if they accept what the perpetrator is offering in exchange for sexual activity. Perpetrators take advantage of an imbalance of power.
- 1.5** While it may appear that some young people are 'choosing' to exchange sex to meet their needs, it is vital to remember that young people have limited options and so it is not a 'choice' as such but rather 'constrained choices' or 'survival strategies'.

## **2. Risk Factors**

**2.1** 'Peer relationships are increasingly influential during adolescence, setting social norms which inform young people's experiences, behaviours and choices and determine peer status. These relationships are, in turn, shaped by, and shape, the school, neighbourhood and online contexts in which they develop. So if young people socialise in safe and protective schools and community settings they will be supported to form safe and protective peer relationships. However, if they form friendships in contexts characterised by violence and/or harmful attitudes these relationships too may be anti-social, unsafe or promote problematic social norms as a means of navigating, or surviving in, those spaces' (Contextual Safeguarding Briefing, Carlene Firmann, 2017).

**2.2** Young people's peer groups, communities and social media activity are either key risk factors or key protective factors. For example, if a young person socialises with peers who have a positive influence on their thinking and behaviours, this will more than likely protect them within their communities and neighbourhoods. Likewise, if young people socialise with peers who are themselves involved in risky activities such as substance misuse, gangs or exploitative relationships, this too may impact on the young person's safety and wellbeing in the community and their neighbourhoods.

**2.3** Key risk factors and vulnerabilities for young people:

- Having a physical or learning disability.
- Being in care (particularly those in residential care and those with interrupted care histories).
- Having a prior experience of neglect, physical and/or sexual abuse.
- Lack of a safe/stable home environment, now or in the past (domestic violence or parental substance misuse, mental health issues or criminality, for example).
- Going missing (for short or long periods).
- Substance misuse issues.
- Disengagement or absences from education/training/employment.
- Lack of positive activities or hobbies.
- Gang-association/involvement and/or criminal behaviour.
- Recent bereavement or loss.
- Social difficulties, such as anti-social or violent behaviour.
- Social isolation, such as a lack of a friendship group or support network.
- Lack of insight into vulnerabilities and risks.
- Emotional and/or communication difficulties.
- Absence of a safe environment to explore sexuality, sexual identity or gender identity.
- Economic vulnerability.
- Homelessness or insecure accommodation status.
- Connections with other children and young people who are being sexually exploited.
- Family members or other connections involved in adult sex work.
- Low self-esteem

- Poor self-confidence

#### 2.4 Key risk indicators are:

- Unexplained money or gifts
- Going missing (for short or long periods)
- Being distressed or withdrawn on return
- Disengaging from existing social networks
- Secrecy around new associations
- Additional mobile phones or concerning use of technology
- Sexual health problems
- Disclosure of rape/sexual assault (and reluctance to report)
- Changes in temperament/emotional wellbeing
- Drug or alcohol misuse
- Secretiveness
- Unexplained physical injuries.

2.5 Staff must remember this is not an exhaustive list. Staff **must** remain alert to possible signs of child sexual exploitation even if young people do not have any of the above risk indicators or vulnerabilities evident.

### 3. Trafficking

3.1 Child trafficking is when children are recruited, moved or transported for the purposes of exploitation, slavery, or abuse. Children can be trafficked as part of sexual exploitation, criminal activity such as the selling of drugs, forced marriage, forced labour and benefit fraud. The Modern Slavery Act 2015 establishes that a person commits an offence if the person arranges or facilitates the travel of another with a view to being exploited. Wherever a child has been recruited, transported or transferred for the purpose of exploitation, they should be considered to be a victim of trafficking. This includes whether or not they have been forced, deceived or the child/young person believes that they are traveling willingly from one location to another, for example, where a child takes a bus or walks from one location to another for the purpose of exploitation.

3.2 Children who are trafficked will experience physical, sexual and emotional abuse. Children are groomed and then threatened, coerced or intimidated. Children who are victims of trafficking will suffer significant trauma and this can have a long lasting detrimental impact on their mental health and emotional wellbeing.

3.3 Possible signs of trafficking include a child who:

- spends a lot of time doing household chores
- rarely leaves their house, has no freedom of movement and no time for playing
- is orphaned or living apart from their family, often in unregulated private foster care
- lives in substandard accommodation
- isn't sure which country, city or town they're in

## Bramfield House School

- is unable or reluctant to give details of accommodation or personal details
- might not be registered with a school or a GP practice
- has no documents or has falsified documents
- has no access to their parents or guardians
- is seen in inappropriate places such as brothels or factories
- possesses unaccounted for money or goods
- is permanently deprived of a large part of their earnings, required to earn a minimum amount of money every day or pay off an exorbitant debt
- has injuries from workplace accidents
- gives a prepared story which is very similar to stories given by other children.

**3.4** Staff must report any concerns regarding trafficking to the Designated Safeguarding Lead. The local authority procedures for reporting and referring trafficking concerns are as per the Suffolk LSCB's Quick Guide (as detailed below) along with the full Policy **Safeguarding Children Who may Have Been Trafficked** which must be used together with the full Suffolk Safeguarding Children Board Procedures and Guidance found at [www.suffolkscb.org.uk](http://www.suffolkscb.org.uk)

- Child trafficking involves moving children across or within national or international borders for the purposes of exploitation.
- Children can be trafficked into the country from abroad or children resident in the UK can become victims of trafficking too and be moved within a town or between locations for the purposes of exploitation.
- Exploitation includes children being used for **sex work, domestic work, restaurant/sweatshop, drug dealing, shoplifting and benefit fraud.**
- Often children and young people do not know that they have been trafficked. They may not want to tell their story for fear of not being believed, not knowing they are victims of crimes or fear of getting into trouble. They may still be under the control of their traffickers/exploiters.
- Even though a child may have been trafficked for a purpose other than sexual exploitation, they become highly vulnerable to physical and sexual abuse once they have been trafficked. Sexual exploitation of children is most likely to occur in informal locations, such as private flats. The use of trafficking for exploitative labour is often hidden and can be difficult to identify without the support of local communities.
- Risk indicators can include children who have unexplained moves, have not been enrolled into school or attended a GP practice, are being cared for by adult/s who are not their parents, are not in possession of their own travel documents, children who go missing from home or care, or unaccompanied asylum seeking children.

**If you suspect that a child may have been trafficked or be at risk of trafficking:**

- Discuss your concerns with your manager or designated colleague

- Take advice before any involvement with 'family members/carers' – *you may heighten the risk of abduction or harm to the child/young person.*

**You can get advice from the following specialists:**

**Children & Young People's Services:**

- Fostering Changes for Children Team – 01473 265025 or e-mail: [FCFCT@suffolk.gcsx.gov.uk](mailto:FCFCT@suffolk.gcsx.gov.uk)

**Police:**

- Human Trafficking and Exploitation Team - 101 or 01473 613500

**Make your referral to:**

- Customer First - 0808 800 4005 (24 hours)
- Suffolk Police: Force Operations Room - 101 or 01473 613500

**Further Guidance:**

- The Department for Children, Schools and Families guidance: 'Safeguarding Children Who May Have been Trafficked' ([https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/177033/DFE-00084-2011.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/177033/DFE-00084-2011.pdf))
- NSPCC Child Trafficking Advice Centre - 0800 107 7057 or 0808 8005000
- The UK Human Trafficking Centre is now part of the Organised Crime Command in the National Crime Agency (NCA) – 0844 7782406 (24 Hours)
- <http://www.nationalcrimeagency.gov.uk/crime-threats/human-trafficking>
- Crimestoppers - 0800 555 111
- Suffolk Safeguarding Children Board linked policy - Safeguarding Children and Young People from Sexual Exploitation

Further information about all Suffolk Safeguarding Children Board publications can be found on website. [www.suffolkscb.org.uk](http://www.suffolkscb.org.uk)

- 3.5** Trafficking concerns must be immediately referred to the National Referral Mechanism (NRM). The National Referral Mechanism (NRM) is a framework for identifying victims of human trafficking and ensuring they receive appropriate care. When a child or young person is trafficked, a range of agencies may be involved such as the police, the UK Border Agency (UKBA), local authorities and non-governmental organisations such as charities. The NRM makes it easier for these agencies to co-operate, share information and facilitate access to advice, accommodation and support.

## **Bramfield House School**

**3.6** If there are immediate concerns that a pupil is being trafficked, staff must report this immediately to the Designated Safeguarding Lead and police.

**3.7** For further information about reporting trafficking concerns or making a referral to the NRM, staff must speak to the Designated Safeguarding Lead and seek guidance from NSPCC Child Trafficking Advice Centre **0808 800 5000**.

### **4. County Lines**

**4.1** “County Lines” is a national term used by police and law enforcement to commonly describe the approach taken by gangs and criminal networks originating from urban areas, who travel to locations such as county or coastal towns to sell class A drugs. Gangs typically use children, young people and vulnerable adults to deliver drugs to customers and this often involves the child being subjected to deception, intimidation, violence, financial exploitation and grooming.

**4.2** County lines relates to a group (not necessarily affiliated as a gang) establishing a network between an urban hub and county location, into which drugs (primarily heroin and crack cocaine) are supplied.

**4.3** A branded mobile phone line is established in the market, to which orders are placed by introduced customers, with the line commonly (but not exclusively) being controlled by a third party, away from the market.

**4.4** The group exploits young or vulnerable people to achieve the storage and/or supply of drugs, movement of cash proceeds and to secure the use of dwellings (commonly referred to as ‘cuckooing’).

**4.5** The group, or individuals exploited by them, regularly travel between the urban hub and the county market, to replenish stock and deliver cash.

**4.6** The group is inclined to use violence or threats and weapons, including knives, corrosives and firearms.

**4.7** County Lines is a form of exploitation. Research says that some young people are more vulnerable than others to potential County Lines activity. Staff must ensure that they remain vigilant to potential risk factors in order to prevent risk from increasing and that they consider young people's vulnerabilities and risk factors as well as risk factors of the area.

**4.8** Key risk factors for young people are:

- Young people/adults who have substance misuse issues living in ‘cuckooed’ premises.
- Young people who are looked after or who have been looked after and who are exploited for drug running purposes.
- Young people with mental health difficulties.
- Young people who go missing from their parents/carers.

- Young people who are withdrawn, who do not engage in school and have limited trusted adults around them. They are targeted by County Lines offenders due to their ability to operate without drawing attention to themselves.

#### 4.9 Key risk factors of areas are:

- Towns with high unemployment.
- Towns with high levels of social housing and deprivation.
- Towns which are close to a prison
- Towns which have a probation centre nearby
- Towns which have a drug treatment centre
- Towns which have children's homes
- Towns which have a train station or easy vehicle access

### 5. What to do if you have concerns that a pupil is being exploited

- 5.1** If there are immediate concerns for the pupils safety, staff must immediately report their concerns to the Designated Safeguarding Lead. The police must be notified if there are immediate concerns for a pupils safety or wellbeing because of exploitation. Staff **must** share any concerns that they have with the Designated Safeguarding Lead, who will then support them to refer their concerns to the placing authority within one working day. The Designated Safeguarding Lead must inform the Chair of Governors (Craig Ribbons) and Hannah Bates, National Quality and Audit Officer safeguarding.
- 5.2** The Head Teacher/Principal must ensure that a preventative approach is taken and that all pupils are educated around the risks associated with grooming, online safety, safe/healthy relationships, sex including what consent means, and child sexual exploitation.
- 5.3** Phones and internet use can be a key risk factor relating to child sexual exploitation. If there are known risks relating to child sexual exploitation, wherever possible staff must supervise internet use. There **must** be procedures in place for pupils use of mobile phones in school.
- 5.4** Any concerns relating to online grooming **must** be immediately documented on an *Initial Record of Concern Form* and reported to the Designated Safeguarding Lead. Staff must be aware of the Web Filtering Policy.
- 5.5** Where risks or activities relating to possible exploitation are identified, staff **must** escalate this to the attention of the Designated Safeguarding Lead immediately. The placing authority **must** be notified within one working day unless there are immediate safeguarding concerns. It is recommended as best practice that all steps are taken to convene a multi-agency professionals meeting to review any potential child exploitation risks and agree actions to be taken to safeguard the young person/young people.
- 5.6** Child exploitation risks must be reviewed within governance meetings and within Senior Leadership Team meetings. The purpose of this is to ensure that information is being shared and that proactive measures are being taken to safeguard the young person/young people.

## 6. What to do if a young person discloses that they have been exploited.

- 6.1** If a pupil discloses that they are being exploited, it is likely that this will be very traumatic for them. Staff must be aware of the potential impact that this could have on pupil's mental health and emotional wellbeing. Safety measures must be put in to support the pupil.
- 6.2** Staff must listen, ask open questions, write as much detail down as possible, and never promise to keep things secret. It is important that staff are open and honest with the pupil, and show them unconditional positive regard. It is likely that the pupil will need reassurance that they are safe and that they are not to blame. Staff must document all information onto *Initial Record of Concern Form*.
- 6.3** After a pupil has disclosed, staff **must immediately** report the information to the Designated Safeguarding Lead who will then support the staff member to report the information to the police and placing authority immediately.
- 6.4** Staff must ensure that the language they use is not 'victim-blaming'. Staff must show young people that they are non-judgmental and do not blame the young person for the abuse. If a young person has been sexually exploited by someone who they perceive as being their boyfriend, they may find it very traumatic to see this relationship as being exploitative and that the boyfriend did not love them as they perceived. It may take time for young people to understand and recognise that they have been exploited and so staff must be patient and support young people to get to this stage at the young person's own pace.
- 6.5** Designated Safeguarding Leads must ensure that staff know and understand the LSCB procedures for safeguarding young people against exploitation.
- 7.** For all referrals regarding Child Exploitation, Suffolk LSCB offer the following guidance: <http://www.suffolkscb.org.uk/assets/Safeguarding-Topics/Child-Sexual-Exploitation/2016-02-09-Child-Exploitation-Recognition-Referral-Risk-Response-Guidance.pdf>
- Any professional who is concerned that a child or young person may be at risk of, or is actually suffering, exploitation is able to make a referral to the Multi-Agency Safeguarding Hub (MASH) by completing a Multi-Agency Referral Form (MARF). If the risk is imminent a referral can be made by telephone and then followed up with a completed MARF within 24 hours.
  - The redesigned MARF lists Child Sexual Exploitation amongst a number of risk factors also including E-safety, Female Genital Mutilation, Forced Marriage, Human Trafficking, Vulnerability to Radicalisation, and Gang Related activity. The Child Sexual Exploitation risk provides a hyperlink to the Child Exploitation area on the Suffolk LSCB website which enables access for professional guidance and the Child Sexual Exploitation Risk Assessment toolkit. The LSCB website also has guidance for professionals in respect of all other forms of exploitation.

## Bramfield House School

- When making a referral, in which child sexual exploitation is thought to be a risk factor, the referrer is prompted to complete the Child Exploitation Toolkit, provide any further information that may be available, and to rate the risk to the child by use of a 'drop down' box at the end of the form. Guidance as to how to proceed with other forms of exploitations is included on the LSCB website.
- On review of the form the child may be considered by police colleagues as being a potential victim of a sexual or other crime which would identify them as being potentially vulnerable to exploitation. In such circumstances, the attending officer/s or member of police staff will submit a Police child referral to the MASH. Where the officer identifies indicators of potential CSE they will also flag this on the investigation record.

Where the referral indicates a risk of CSE the Safeguarding Manager is informed and a safeguarding strategy meeting is arranged involving the "Make a Change" (MAC) Team and the Specialist Team who are allocated the Section 47/Statutory Assessment.

For more information regarding Child Exploitation please visit the Suffolk LSCB website: [www.suffolkscb.org.uk](http://www.suffolkscb.org.uk)
