

Ronnie

2026 Leaver

'I began my journey at Bramfield in 2021 when I joined in Year 7. During my time I developed strong connections with classmates and staff which helped me regulate my emotions to keep calm and composed. I have enjoyed the opportunities that Bramfield has provided me including trips abroad. I particularly enjoyed the Ski trip to Italy where we met pupils from various other schools and learnt to Ski with an instructor. Whilst at Bramfield I also displayed a keen interest in my music lessons where I have learnt to play numerous instruments and learnt about how music is created. Through Bramfield House I have been lucky enough to go to a recording studio to make, record and mix our own song which we then performed in front of the whole school. This has helped me to develop my musical talent which has enabled me to move on to Access Creative College where I hope to study Music Performance.'
