

SHAWN

2026 LEAVER

I have been at Bramfield House for nine years. I have too many good memories to name just one! In year 11 I have finished my work now, so this is good for me. I will soon be going to Norwich City College to start at Phoenix Purple employment course. After this I may study animation, game design, art and photography at the college. I am looking forward to making new friends. Bramfield House has mostly taught me respect, self-care and personal well-being. I will miss Bramfield House 100% no doubt about it! Bramfield House has also shown me that kindness can go a long way and that you should treat people how you want to be treated.
