GEORGE
2023 LEAVER

‘Bramfield was probably one of the most important and best parts of being a teenager I made so many great friends. It Also Helped Me Spark Many Of My Interests I Still Enjoy To This Day Like Playing Guitar In Front Of Loads Of People And Just Myself, It Also Helped Me Massively In A Sense Of Finding Who I Am I Also Got To Have A Great Experience With Boarding As Well being out almost every day after school doing something or another. If I Could Sum It Up In One Word It Would Most Likely Be "Monumental" and I definitely would never be where I am today without the staff or even the other students who were by my side. I would give anything just to experience a day like what I would have there in 2022/2023. I left Bramfield House School And Moved Away Since Then I Have Been Working On Getting My Qualifications To Either Work In The Armed Forces Or Work In More Relaxed Fields Of Work Like Farming With My Qualification In College Being Animal Care, Though I Am Considering, Going Into A Carrer As A Musician Like I Wanted To During My Time At Bramfield House’
